

# MAKE - UP & SKIN CARE

making make-up easier!

BY: JENNIFER CASE AND KRISTIN ANGELO

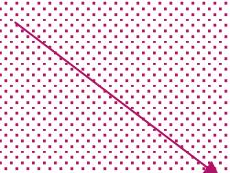

**Use our project to:**

**Easily search and inquire  
about makeup and skincare  
products you need!**

**Our idea filters your product  
desires into an easy way to then  
buy them with a click of a link!**

**We know how difficult it is to find the products that are right for you. Not to mention the huge variety of products that are overwhelming when you are in the store.**

**Our API makes finding the right beauty products for users a simple and convenient process!**
